Dear Friends, Current and Future Supporters of NAHSE North Carolina:

I hope this note finds you well and filled with enthusiasm for the positive impact we can create together. My name is Morgan Best and I am the President of the North Carolina Chapter of National Association of Health Service Executives (NAHSE). As a valued supporter our strong organization focused on empowering black healthcare executives and elevating the quality of health care services rendered to minority and underserved communities, I wanted to take a moment to express our gratitude for your unwavering dedication to our cause.

Since our establishment, we have been committed to fostering diversity, inclusion, and excellence within the healthcare industry. With your generous support, we have been able to provide a platform for underrepresented healthcare executives to thrive, grow, and lead. Together, we are breaking barriers and creating a more equitable and inclusive future for healthcare leadership which will ultimately better serve underrepresented communities in our state and across the country.

In today's rapidly evolving healthcare landscape, it is crucial that all voices are heard and represented at decision-making tables. We firmly believe diversity drives innovation and enhances the quality of care provided to all patients. With your partnership, we have been able to offer valuable resources, mentorship programs, educational opportunities, and networking events tailored specifically to the needs of minority healthcare executives.

As we continue to forge ahead in our mission, we face unique challenges and opportunities. The demand for our programs and services has continued to grow, and we are determined to meet this demand head-on. However, we cannot do it alone. We need your continued support to make a lasting impact in the lives of minority healthcare executives and, in turn, the communities they serve.

Our current and previous institutional members, sponsorships and in kind donations have allowed us to:

- Offer scholarships to minority healthcare executives pursuing advanced degrees and professional development opportunities.
- Organize leadership workshops, webinars, and conferences that address the unique challenges faced by minority healthcare executives.
- Provide mentorship programs, connecting experienced executives with emerging leaders to foster growth and support.
- Host networking events to bring like minded, mission supporting people and organizations to promote diversity in healthcare leadership.
- Create a safe, supportive space for leaders at all levels to thrive and find community.
- Provide support to other non-profit healthcare organizations in our NC communities that also support diversity in healthcare leadership and strive to improve the quality of services rendered in minority and unrepresented communities.

We humbly request your support! We welcome your continued support through becoming an institutional member through your organization, becoming a sponsor of our chapter, and generously giving through in-kind donations. Here are a few examples of what your tax-deductible contribution can achieve:

- A **\$500** in-kind donation provided one scholarship to an MHA Student
- A **\$1,500** institutional membership will provide national and local NAHSE memberships to allow access to resources, relationships and more.
- A **\$3,000** sponsorship can help provide scholarships for students in need
- A **\$5,000+** sponsorship can help organize our signature event dedicated to the advancement of minority executives and underserved communities through advocacy and addressing issues that most impact them.
- A **\$10,000** allows us to do all of the above and much more! Such commitment will allow us to put resources into increasing our impact across the state through programming, community benefit, etc.

To make your contribution, please reach out to us at ncnahse@gmail.com and we will provide a detailed description what is included in each tier and walk you through next steps! We have made it quick and easy to ensure that your dollars can get right to work!

We kindly ask you to share this email with your network, as your personal endorsement will go a long way in helping us reach more individuals who are passionate about fostering diversity and excellence in healthcare leadership.

On behalf of the entire team at NAHSE North Carolina, we extend our heartfelt appreciation for your steadfast commitment to our cause. With your continued support, we will continue to empower, inspire, and uplift minority healthcare executives, creating a healthcare industry that truly represents and serves all.

Thank you for being an integral part of our mission to build a diverse, inclusive, and exceptional healthcare leadership community.

Warm regards,

Morgan L. Best, MHA, MBA
